

# 2017 NORTHVILLE STEAM FAIR

**BEHIND THE FUN!**

Behind all the fun we have is STEAM! Before you wielded the controller in an epic game of Zelda, swung a bat on the baseball field, swiped right on level 435 of Candy Crush or moved your Scottie dog past Go in Monopoly, someone dreamed up the game and created it just so you could play it.

Join hundreds of Northville's students during Parents' Night as they show off the fun and games they dreamed up and created at the third annual Northville STEAM Fair!
